NO EARLY ANNOUNCEMENT OF CABINET.

All Stories Of Cabinet Not Signed By President-Elect Will Be Spurious.

Princeton, N. J., Nov. 7.—There will be no announcement with regard to President-elect Wilson's cabinet until January 1 at the earliest and possibly not until March 4. Until he has had his vacation the president-elect will not even consider the cabinet and any publication of its composition will be pure speculation.

The governor made this clear early this evening in a statement he issued as a result of the speculative stories that have appeared in the newspapers under a Princeton date line. The stories have annoyed the governor because, as he explained anything emanating from Princeton may be regarded by the public as having some authority and he may thus be embarrassed in his final selection of a cabinet.

Governor Wilson this evening referred to the speculations which are cropping up with regard to the makeup of his cabinet and said:

"Such speculations are perfectly fruitless. I mean to keep my mind entirely open with regard to the appointments of the first consequence until a final announcement is possible. It will be perfectly useless to resort to me for corroboration of any report because I will have absolutely no announcement to make. No announcement will have the least authority which is not made over my signature. These are matters which must be determined by very deliberate council and not by gossip."

Dr. A. K. S. Calvert, who has been practicing for the last seven years at Ponca City, Ok., but now of Monett, Mo., has opened offices over Perry Short's jewelry store for the practice of Osteopathy. He will be glad to meet any or all persons who are friendly to Osteopathy or who are in need of treatment. 5tf

ANOTHER BITTER DISAPPOINTMENT

GET OUT YOUR PETITION.

Up to the hour of going to press there have been but thirteen new candidates for the postoffice announced today. Must be preparing for a Saturday rush. Some of our voters are signing every petition that is presented and will continue to do so as long as their strength and pencil holds out; others are refusing everything, preferring to wait a year or two for development; others have favorites in the running. It will be a wild scramble.

KINGS PRAIRIE

We are sorry for those candidates who spent their money but didn't get there. If at first you don't succeed, try, try again, that's Teddy Ticket.

The rains have spoiled the roads for awhile for that automobile.

Roosevelt got shot, Wilson bumped his head, but Taft got the most scratches.

The Prairie is well fixed for the winter, plenty of corn, hay and other roughness to go through safe.

E. R. Stribling returned home last Tuesday from Butterfield, where he had been for nearly four weeks engaged in a protracted meeting. There were about 65 conversions and about 50 joined the M. P. Church last Sunday. He will return next Sunday and administer the ordinance of baptism.

The frame of the bell in New Liberty church had given away causing it to cease ringing for several weeks. Some parties met last Monday and put it in commission again.

The late apples are about all gone to the hole or to market.

We are all in favor now of a Democratic president.

There was an excitement raised at the school house Tuesday. There had been a two bushel sack of amendments brought out but they were running short. While it was pouring down rain a man was put on a fast horse with sealed orders and sent to Monett for another sack full.

As the Prairie goes so goes the election but it failed this time, you see it was too wet for the dry's to get out for fear they would get wet. Nix looked in where they were doing business he saw two desks covered with white sheets he asked: How many judges were dead? They told him that wasn't dead judges it was amendments spread out to dry.

WILSON'S VOTE INCREASES

Illinois Is Now In the Wilson Column As Is Wyoming—He Now Has Forty States with 442 Electoral Votes to 5 States For Roosevelt.

New York, Nov. 7.—The accession of Illinois and the loss of Minnesota today gave President-elect Wilson a gain of 14 votes in the electoral college, making his total, on the basis of the present returns, 442 to 77 for Roosevelt and 12 for Taft. Wilson carried, as the New York American estimated yesterday, 40 states, Roosevelt 5, and Taft only 3—Idaho, Utah and Vermont.

In California returns from 4,229 precincts out of 4,372 reduced Wilson's plurality to less than 600. The majority of the missing precincts however, are in counties showing pluralities for Wilson and it is not believed that Wilson's small plurality can be taken away by the official count.

Illinois, where Roosevelt's plurality dwindled through the day, finally went to Wilson by an estimated plurality of 15,042. The few missing precincts are in counties either normally democratic or which gave Wilson large gains in this election.

It became apparent early in the day that Wilson would capture the state, wresting from Roosevelt its 29 electoral votes, but still leaving him in control of the election machinery of the minority party. Edward F. Dunne, democratic nominee for governor, was given the tremendous plurality of 110,654.

Wyoming, which had been uncertain, landed safely in the Wilson column.

SPRINGFIELD COURT OF APPEALS.

The Democratic candidates for the Springfield Court of Appeals will have a majority approximating 10,000 in the thirty three counties comprising this district.

The Daily Star says: Despite an overwhelming defeat we're still an ardent admirer of William Howard Taft and a firm believer in the good old Republican policies and if we who are Republicans from principle had it to do over again there wouldn't be any doubt as to how it would be done either.

We would like to know if the Republican National Committee intends to order the panic?—Mt. Vernon Fountain & Journal.
